Farewell to IET's 2015 AVID Volunteer

This month marks the end of the volunteer assignment for our Communications and Stakeholder Engagement Officer Sarah Bown. Sarah is part of the Australian AVID program and has been working with IET for almost one year. Sarah worked closely with staff on a range of marketing and communications activities including social media, website development and maintenance, proposal writing, and the development of marketing materials including brochures and flyers.

Sarah also played a key role in all of IET's important events in 2015, including the Australian Education Fair (pictured), the English Language Teachers Association of Mongolia (ELTAM) annual conference and hosted representatives from Australia universities.

Sarah will be returning to her home town of Mount Gambier in South Australia where she will miss life in Mongolia, but is excited to get back to summer!

Of her time with IET Sarah said *"I have had the most wonderful year working with the staff, students and friends of IET. Everyone has been so welcoming and really made Mongolia feel like my second home. I have seen how IET is respected within the Ulaanbaatar community and look forward to seeing their future successes. I hope to come back and visit one day!"*
